I've read most of Chuck Palahniuk's books, and they're typically hit or miss. By the time you reach the end, you're either extremely satisfied or a little disappointed. "Diary" was the latter for me. It's written in usual Palahniuk fashion, a little confusing at first, and a big unveiling towards the 3/4 mark. But "Diary"'s unveiling was a little bland, the characters were missing personality ...
