The writing and review of IPCC reports and other publications follows the "Procedures for the preparation, review, acceptance, adoption, approval and publication of IPCC Reports" contained in Appendix A to the Principles Governing IPCC Work. These procedures were initially adopted by the 15th Session of the IPCC in 1999 and have been regularly reviewed and revised since then.

Plenary Sessions of the IPCC also determine the IPCC work programme, and other business including its budget and outlines of reports. The IPCC Bureau meets regularly to provide guidance to the Panel on scientific and technical aspects of its work. The IPCC organizes scoping meetings of experts and meetings of lead authors to prepare reports. It organizes expert meetings and workshops on various topics to support its work programme, and publishes the proceedings of these meetings. To ...

The Intergovernmental Panel on Climate Change (IPCC) is an intergovernmental body of the United Nations that is dedicated to providing the world with objective, scientific information relevant to understanding the scientific basis of the risk of human-induced climate change, its natural, political, and economic impacts and risks, and possible response options.

[ICAI - The Institute of Chartered Accountants of India](#)

The IPCC is the leading international body for the scientific assessment of climate change. Through its various reports, the IPCC provides the scientific evidence needed to help policy makers and others make decisions on how to adapt to and reduce the impacts of climate change. Canada has been an active participant in the IPCC since 1988.

IPCC, 2000) described two methods for estimating CH4 emissions from SWDS: the mass balance method (Tier 1) and the First Order Decay (FOD) method (Tier 2). In this Volume, the use of the mass balance method is strongly discouraged as it produces results that are not comparable with the FOD method which produces more accurate estimates of annual emissions. In place of the mass balance method ...
