The Drama in the Text argues that Beckett's late fiction, like his radio plays, demands to be read aloud, since much of the emotional meaning lodges in its tonality. In Beckett's haunting prose work the reader turns listener, collaborating with the sound of words to elucidate meaning from the silence of the universe. Enoch Brater ranges across all of Beckett's work, quoting from it liberally, and makes connections mainly with other writers, but also with details drawn from the entire Western ...

Drama can be defined as a dramatic work that actors present on stage. A story is dramatized, which means the characters and events in the story are brought to life through a stage performance by actors who play roles of the characters in the story and act through its events, taking the story forward. In enacting the roles, actors portray the character's emotions and personalities. The story ...

Later on, Beckett is obviously aware of that, but when he's writing Watt he clearly has no audience in mind. He's writing for himself; he's passing his time. By that point, whether he's ever going to be able to publish it or whether he's going to publish again is completely up in the air. Beckett needed to express himself to a certain degree. I wouldn't say that the fact that we ...

Postmodern literature is a form of literature that is characterized by the use of metafiction, unreliable narration, self-reflexivity, intertextuality, and which often thematizes both historical and political issues. This style of experimental literature emerged strongly in the United States in the 1960s through the writings of authors such as Kurt Vonnegut, Thomas Pynchon, and John Barth.

Some of the plays--like Waiting for Godot--are really brilliant plays, masterpieces of absurdist theatre. But so many, especially the late, plays are so heavily visual that they verge on unreadable. Of course, as drama--plays, radio pieces, films--they are meant to be heard and/or seen, so the accusation of unreadability is complex here.
